CHANGING SAFARI SETTINGS TO GAIN ACCESS TO THE PAYMENT PORTAL

STEP 1: FIND THE SETTINGS BUTTON ON YOUR SCREEN

STEP 2: SELECT THE SAFARI ICON ON THE LEFT

STEP 3: SCROLL UNTIL YOU SEE "PREVENT CROSS SITE TRACKING" AND TURN THAT OFF

NOW YOU WILL NOW HAVE ACCESS!

WHAT IS CROSS SITE TRACKING?
Cross-site tracking is the practice of monitoring a user's online activity across multiple websites, allowing companies to gather information about their browsing habits and interests, often used to deliver targeted advertising and personalize user experiences on different websites they visit; this tracking is usually done through cookies or other tracking mechanisms placed on the user's browser by third-party companies.
